- Full-tuition scholarships
- The option for room and board in place of tuition, if you should qualify
- Additional allowances for books and fees

U.S. Army ROTC Four Year Scholarship Application for High School Students

Dear Scholarship Applicant,

This application represents one of the greatest opportunities available to young men and women in the United States today. The U.S. Army Reserve Officers' Training Corps is the best leadership course in America, and service as a commissioned Army Officer provides the best leadership experience in the world.

We are looking for scholars, athletes, and leaders like you who have demonstrated talents in high school and are ready to take on a real challenge. Our programs give you the opportunity to learn excellent leadership and management skills, and to participate in some of the finest training available. Upon graduation and commissioning as an Army Officer, you'll continue to hone your leadership skills either on active duty or in a reserve component "U.S. Army Reserve or Army National Guard".

Alumni of Army ROTC programs made significant contributions in all walks of life. Sam Walton "WalMart", was a military intelligence officer; Coach Lou Holtz and Lieutenant General "Retired" Marc Cisneros "CEO, John G. & Marie Stella Kennedy Memorial Foundation", artillery officers; Earl Graves "CEO and Publisher, Black Enterprise Magazine", a special forces officer, and Secretary of State Colin Powell, an infantry officer - all Army ROTC alumni.

To provide you an incentive, Army ROTC awards scholarships to qualified students enrolling in a variety of academic disciplines - scholarships that pay full tuition at most schools, plus books and mandatory fees and a monthly stipend of spending money directly to the student. We select the very best candidates for scholarships, and a correctly completed application is one of the most important parts of the selection process. Be sure to put your very best effort into your application. Competition is too keen to submit anything less than your best. Every item of information on your application reveals something about you.

Think of this application as your resume - a gateway to thousands of dollars in scholarship support for your college education and a giant step towards success in any future career. I wish you the best in your pursuit of a U.S. Army ROTC scholarship and hope to see your name on future enrollment rolls for Army ROTC.

Sincerely,

John R. Evans

Army ROTC reserves a limited number of scholarships for those students who desire to attend a Historically Black College/University (HBCU). HBCUs offers students, regardless of race, culture, a rich history, and rigorous academic programs and opportunity. Most importantly, they prepare students for leadership and life after graduation.

★ Do you want to compete for a scholarship to a HBCU? Yes No

★ Do you want to be considered for the Early Commissioning Program (ECP)? Yes No

Participation in the Early Commissioning Program means you attend 1 of our 4 Military Junior Colleges (MJC) for 2 years. Upon successful completion of the academic and military requirements at the MJC, you will receive your Commission as a Second Lieutenant and an Associate's Degree. You will then be required to serve in either the U.S. Army Reserve or Army National Guard while simultaneously completing your Bachelor's Degree at any 4-year College or University that has an Army ROTC Program. The 4 MJC's are: Georgia Military College in Milledgeville, GA; Marion Military Institute in Marion, AL; New Mexico Military Institute in Roswell, NM; and Valley Forge Military College in Wayne, PA.

The U.S. Army ROTC 4 Year Scholarships are awarded to high school students by academic discipline. Currently, there are five academic discipline groups in the Army ROTC Four Year Scholarship Program; Generalist, Technical, Physical Science/Analytical Engineering and Nursing. You may select your academic major from among these discipline groups. Once a scholarship has been awarded, prior approval is required to change your academic major which migrates from one discipline group to another discipline group. Select from the academic discipline groups for that discipline in the major list.

Army ROTC provides college-trained officers for the Army, Army Reserve and Army National Guard. The Army ROTC program is offered at more than 600 colleges and universities throughout the nation. As the largest single source of Army officers, the ROTC program fulfills a vital role in providing mature young men and women for leadership and management positions in an increasingly technical Army. Though the Army is getting smaller it still needs thousands of new officers each year. The following ROTC's benefits remain intact: training, challenges, excitement, money, career preparation and post-college employment.
