

Cohort Name

Problem of Practice

Please include a summary of the problem your cohort is hoping to address.

Toolkit Item

What did your cohort create, develop, adapt to help achieve your problem of practice?

Tool Implementation

Provide a brief overview of how your cohort implemented your toolkit item.

Colleague Feedback

As your colleagues listen to your presentation, is there a specific area/focus/questions you would like to receive their feedback on?

Cohort Name

Analyzing Toolkit Item Implementation

Provide a summary of your implementation including: what types of data did you collect? Artifacts? Observations of student behavior, attitudes, performance on items, grades, actual student work? Multiple measures (both qualitative and quantitative)?

Cohort Name

Student Involvement

How did you engage with your students throughout the implementation including: were students considered as partners? Did they know the purpose of the treatment and was it clear to them? Were they encouraged to share ownership in the project? How did they respond?

Cohort Name

Summarize Status of Work To Date

Based on your cohort's analysis: what do you now know that you did not know before? What do you still not know? How do your answers relate to your problem of practice? How do your results inform your perspectives?

Cohort Name

Preparing Students

In what ways does this toolkit item assist in preparing students to be college and career ready, in reducing the need for developmental courses at the college level, or in increasing student success in first-year credit bearing college courses?

Reflection

Briefly describe one or two important “lessons learned” by your cohort as a result of implementing your toolkit item, including key advice you’d give others who plan to use it.

Next Steps

What are you thinking about doing next? Why?
