Strategies used Taking notes, highlighting,
major points. I wrote down
things I thought were important then
explained and elaborate

How your method on reading changed?
Yes, Just reading I would forget
fast, so taking notes and trying to
relate it to real life
to society or mine helped alot,

1) Underlined & circled b/c it helps me
understand the important things

2) my method has changed a little
bt b/c I write a lot (my thoughts)
now.

Some strategies I used
was writing some notes, and
highlighting. I did better now
than I did in Sept. because
I didnt take notes or highlight
then. I also read now.
I feel much better now. If im
not interested, I can still push on.
